

Phoenix Football Academy

'FUN' 'DEVELOPMENT' 'LEARNING'

Come and join our 2020/2021 Academies

Welcome to the Phoenix Football Academy, where keen footballers are taught all technical aspects of the game in a friendly & fun environment.

The membership programme runs to a well written syllabus which is delivered by our UEFA qualified coaches and will include training on technique, skills and general game understanding. It is a fantastic fun way for the children to take the next step in their football development. The syllabus is designed to help supplement the player's learning to take back to their club and school teams.
